

**HYDRO  
CLIMB**

Lars SCHULTZ and Mickael HAYOT  
have always been enthusiast for big thrills.

That is why, they decided to share their passion  
and founded **Hydroclimb** in Hamburg in 2016.

## Hydroclimb for everyone !

This floating rope-courses system pleases families,  
athletes and groups who are looking for a leisure  
activity or a team-building experience.

**Hydroclimb** Park systems main advantages are the high flexibility and adaptability they offer.

All **hydroclimb** systems are unique as they are customised by our customers and brought to light by their park attributes.

**Hydroclimb** may be addictive as you will want your system to evolve.
